

# YEAR 6 LEARNING NEWS

## Learning Highlights

Yet again a very busy week in year 6. On Monday we took part in the PTFA's fund raiser.

In the afternoon Halfords came and gave us a bike maintenance workshop. We all learnt how to repair a puncture and check our bikes are road worthy.

On Tuesday, the weather was kind to us and we were able to have sports day. The children all had great fun and the atmosphere on the field was amazing with all the children supporting their team mates and friends.

Issue No 7 Summer Term

On Wednesday Ben Turton, our IT man came and ran a Lego Robots workshop with the class. Every child had a go at programming the robots and tried to make them move through pathways on the carpet. It was great fun and good to see the children applying their coding skills in a different way.

## Star of the Week.

A group of stars this week—all the house captains. They all worked so hard to help in the smooth running of sports days for both KS2 and the younger children. Well done House Captains.

## Information for Parents

1st July—Summer Fair
